I feel that the MWR services overall are doing a really great job in providing quality opportunities for soldiers/families to help keep morale up while being in a forward deployed area, along w/good opportunities for recreation. The only negative comment I have is: It really hinders/good communication at gyms, clubs, ballfields, etc. when the majority of people working the event or at the facility have a noticeable problem speaking, and hearing/comprehending English. Thanks for your consideration.

Would like to see the outdoor pool open before noon to take advantage of the cooler temperatures in the summer.

Would like to see the library open later on weekends.

I do not see a large variety of activities for the single soldier that are not centered around clubs and drinking.

Would like to see a "recommendation" list at the youth services for off post day care center. If not a recommendation list, even just a list of off post centers that spoke Korean. I feel intimidated by the language barrier to seek off post day care. There isn't any on post family care providers. I'm told that this is because it is too hard to meet standards with on post housing.

Between MWR and USO, Korea seems to offer a lot of concerts, trips and activities which is great!. I only wish that I could participate more in them.

Love the free movies that we get in Korea. Would like to see more Rated G for the kids.

I would like to see more variation in the trips offered and better advertisements. While many of the cultural tours are interesting, it would be nice to see a higher concentration of special interest related activities. I have been hoping for fishing trips, more rafting trips, horse back riding, rock climbing, hiking, hunting, camping and more sports trips. Also, would be interested to see more tickets available for concerts, etc. I've enjoyed the ski trips immensely, wish I could have gone on more. Thanks for all of your hard work!

I KNOW MOST OF OUR MWR ACTIVITIES ARE SUBJECT TO AVAILABILITY OF FUNDS BUT IF WE CAN HAVE A GYM SIMILAR TO DRAGON HILLS "THE POINT" GYM, THEN WE HAVE AT LEAST DONE %0% OF OUR MISSION. LET'S CONCENTRATE ON THE GYM AND THE LIBRARY BEFORE GOING SOMEWHERE ELSE AND IF WE HAVE TO GENERATE FUNDS, THEN LET'S MAKE OUR CLUBS AS PROFITABLE...

The library at Yongsan is too small. Everytime I use the library, there is never enough space. There is no quiet area, people are constantly talking, sometimes the rooms are used for classes and the internet access area is disruptive. Basically, the whole purpose of going to the library is defeated. Maybe have a library just for military, no high school students allowed section etc. Put the internet access area elsewhere or just make a quiet room!

Employees of establishments onpost need to speak enough functional/passable English. It is very frustrating to try to order something from someone who barely speaks english. Comiskey's ,PX especially need employees that speak good English.

PX linen section is understocked. Only available sheets are cheap quality 200 thread count or Tommy Hilfiger designer sheets for +\$60.00 a piece, a set of pillowcases for +\$40.00. That is ridiculous. There are lots of regular priced, good quality sheets etc that can be ordered.

Overall, most of the facilities are adequate, good enough considering that we are away from home. I believe the Army is trying to make us at home here in Korea.

Out of the MWR services available, I use the golf course. Sung Nam is an outstanding facility and has an outstanding Pro shop, but the prices are extremely high. The annual fees continue to rise and when you want to get something out of the Pro Shop that is not available the management tells you that you can buy it cheaper at AAFES. Maybe the marketing section can find the contacts that AAFES uses so that the products are available at the Pro Shop for a reasonable price. This year my annual membership jumped almost \$90.00. I understand the opening of the new course, but if the management could not control the over head then why so much of an increase for annual fees. I am just wondering how much they will rise this coming year?

**ACS Concerns** needs more support of spouses that are unaccompanied to help them get through this tough time. Such as: computers with internet cams and facilities in the states that have the same so we can see each other

### Overall Comment

I wish the military would help support cheaper flights to and from the states. I know about Space A, but that is not practical for a mom and baby to fly on. We talk about taking care of our families, but I have never been offered help for my wife while I have been deployed. The Army family doesn't have the leaders on board with supporting mission like forum message boards where spouses or family members come together and chat about what is really going on with their service members. My wife was pregnant and my unit wouldn't send anyone to help her with the grass. She was cutting weeds with scissors because she was worried about getting kicked out of government quarters because of the grass length. I just don't think the leaders are supporting the programs. We are so busy about mission first and we say people always, but the Army leaders forget about that wife/husband that we leave at home with 1 or more children. They have to fend for themselves and become single parents. If we had more support that was mandated and monitored or inspected, just like an arms room inspection we could become a closer family. Now I'm a 2LT, which makes me not be able to associate with enlisted. Basically I cannot become friends with anyone that is not an LT. This is not fair, because it also isolates my family. We cannot have mutual friends due to this lifestyle. She is also a teacher. Right now she cannot find a full time job due to the fact that we have moved to 3 different states in the last 9 months. You cannot just go get a job these days, it is too competitive. I wish I could help my wife find a job and stay there. I will probably leave the military due to us not being together enough. I love the military but I love being with my family more. I will take a pay loss, but it is worth it to be together. I know I went in a lot of different directions with this, but I want you to know what I feel. Whom ever is reading this probably thinks the same. You may be a military spouse, or not, but some how the Army affected your family. Lets help our spouses get through the rough times. I can make it, but I worry about my wife and son. They are the ones that are truly suffering. thank you and please keep trying to make the Army a better place. You should have included religion somewhere in here also. God Bless you all..

On many posts there have been "skateparks" constructed. Of the skateparks I have seen I have been impressed with the quality of construction and layout. Unfortunately one of the "skatepark" sports has been banned from on post facilities. BMX bikes use the same type of ramps as skateboards and in-line skates but have been refused admittance to the parks. The reason given to me at Ft. Belvoir was damage caused by bikes. In my experience as a ramp owner and rider on and off for 13 years I have never damaged my ramps more than normal wear and tear. This exclusion of my sport from on post facilities angers me greatly. Baseball, football, and soccer fields are provided as well as golf and mini golf courses and tennis courts. A bowling alley which I'm sure costs at least a million dollars to build and equip is provided. Why then is one sport specifically banned from a facility that is already provided? The additional cost of maintaining the skatepark from supposed damage is far less than that of most any other facility. If BMX bikes continue to be banned from the skateparks then may I propose the construction of a BMX only facility? This surely would cost more than additional maintainence on the skatepark. I would even propose additional safety equipment requirements and parental consent for facility users. I will be taking this up with my new Community Services Manager when I finish my move to Yongsan. Please consider lifting this ban Army wide. It's just plain unfair.

THE BIGGEST THING THAT I SEE HERE IN KOREA INVOLVES THE MWR CABLE SYSTEM. WHY IS IT THAT THE SOLDIERS HERE IN KOREA HAVE TO RENT IT ON A MONTHLY BASIS FROM AAFES BUT THE SOLDIERS IN GERMANY CAN PURCHASE THE SAME SYSTEM FOR APPROXIMATELY \$900. YES IT RENTS FOR ONLY ABOUT \$25 A MONTH BUT WITH THE FACT THAT A SOLDIER MAY STAY IN KOREA DUE TO AIP OR FSTE THEN THE SOLDIER IN KOREA IS LOSING OUT. AT 36 MONTHS I WILL HAVE PAID THE SAME AMOUNT OF MONEY AS A PERSON IN GERMANY FOR A PIECE OF EQUIPMENT THE INDIVIDUAL IN GERMANY WOULD BE ABLE TO KEEP. I CALLED AAFES DIRECTLY ABOUT THIS AND THEY TOLD ME TO HAVE SOME ONE IN GERMANY GO TO THE PX AND PURCHASE ONE FOR ME AND SEND IT TO ME IN KOREA...NOW IF YOU ASK ME THAT IS NOT TAKING CARE OF THE SOLDIERS.

Here in Korea, there need to have more activites for mountian biking and or hiking. With all the mountians here, you would think that would be the case. MWR cable needs to be mor current with the progams they show. A lot of new shows come on, and we don't get them until they are 6mos- 1 yr. The SAS and Day care hours need to be mor flexible. Not evryone works a 9-5, A Lot of people work shifts, and have a hard time with the hours, and are foreced to use "Nanny's" or have to make a decision to get out of the military.

The food and beverage service at the Collier athletic fields is atrocious. The personnel are not prepared when activities are taking place and the menu is inadequate compared to previous services offered there.

The lighting on softball field 5 is a safety hazard to people playing games there at night and should either be replaced or the field not used at all for night games to include the Pacific Wide Softball Tournament.

I strongly feel that the MWR ITR office needs to advertise more concerts, etc that are held in Seoul. The only way I find out about big name concerts is watching Korean TV and then I go over to ITR and ask if they have tickets. Minimally, I would recommend they have a website set up that has the information. I thoroughly enjoyed the Sting concert which I used ITR to get tickets for. AFN did not really advertise the concert until only a week or so before the actual concert date.

The service at Commiskey's is terrible. The service staff is unresponsive and at times very rude and the food is suspect evidenced by several friends becoming ill after eating at this establishment.

I have been stationed in Korea for almost a year now and feel that MWR is the only thing holding the soldiers heads together. I feel that MWR can do more, but at lease MWR is doing something. The units around here only care for the mission and leave there soldiers hanging in out the dry. I also understand that Korea is shrinking in the size of the soldier population and space, so I expect for MWR not to change anything until the Army's planes are taken care of first.

The fact that the soldiers that need these facilities the most aren't allowed to drive here hinders our ability to gain access to these facilities. Unit BOSS reps do not put consistent info out to the soldiers of the unit. On-post transportation here on Yongsan is not addequate therefore multiplying the effect that not having the "RIGHT" to drive has on the soldiers serving their country.

A survey like this is misleading and inaccurate due to the question format. In the army, there is rarely a 'volunteer' concept in most units. My unit works long hours, usually averaging in my MOS anywhere between 90-120 hours a week working. The idea of using MWR or ACS programs is a joke. If someone REALLY wants to help the soldiers, it is not just a matter of providing facilities for the privileged few (such as senior enlisted and officers), but ensuring that lower enlisted have the chance to use them. I am sure there would be higher participation if soldiers had the time to, but when they hardly have time to sleep on a regular basis, it is unlikely that they will take the time to join some event. As for family programs, in Korea, the only people who HAVE family here are the senior personnel, so the question is why would an E1 private who had to leave their entire family for a year care one bit about schools and/or family activities. Until the army adjusts their line of thinking, MWR and ACS are just afterthoughts to anyone below the rank of E7. The questions in this survey i do not believe take that into consideration, and are therefore misleading and give a false idea of what is really going on.

Korea is a pretty tough place to enjoy all that MWR offers. I prefer spending time out in Korea seeing the sights rather than time on an Army sponsored event. Overall I think MWR does a good job. The problem is...at least at my unit...I don't have the time off to enjoy what MWR offers...which is why when...and if..I have time off I prefer spending it with my family.

I would like to bring attention specifically to the condition of Trent Gym shower facilities in Yongsan Korea. I have submitted this information in the ICE survey as well. The showers during winter months only have one shower head that produces hot water. The others produce freezing cold water if they work. During the summer, if they produce hot water, there is little or no pressure coming through the system. Basically, no more than 3 people can shower at any given time if you're lucky.

Morale, Welfare and Recreation (MWR) does not include enough faith-based or religious programs. Most of their entertainment promotes sale and use of alcohol and gambling. Soldiers and family members who do not drink alcohol or go to Night Clubs have very few options offered through MWR for their entertainment. It would be nice to see MWR sponsor concerts and plays that offer an alternative to drinking and gambling for soldiers and their family members.

THERE ARE MANY ACTIVITES ON POST THAT ARE FUN. I WOULD DO MORE AND ENCOURGE OOTHER TO DO MORE, BUT THE COMMAND TAKES THE FUN OUT OF SUCH ACTIVITES BY STICKING ITS NOSE INTO THE BUSINESS.

NO COMMAND IN-VOLVEMENT = MORE FUN

WHEN I GO OUT FOR DINNER AND A MOVIE I WANT TO BE AWAY FROM THE MILITARY FRAME OF MIND. I ENJOY THE MILITARY COMMUNITY BUT I WANT MY FAMILY TO BE WELL ROUNDED.....

I think the quality and type of food offered by mwr should be re-evaluated to offer better nutrition and to help promote a more healthy and ready army. The current types of food offered everywhere from our dfacs to the mwr facilities are not very healthy. I believe this is a major contributor to our personnel not being as physically fit as they should be.

I also would like to see more boss trips, especially in oconus installations in particular.

Some of the questions are not applicable for CONUS and OCONUS, thus this is a very poor survey instrument. For example, asking the seven most important and seven least important services for an installation would, for me, produce one list for Korea, and an entirely different list for most CONUS locations.

I think the one thing Yongsan really needs to improve is the partime childcare. The facilities are good but its just too hard to get a place. In order for my wife to get one or both of our daughters into daycare for even an hour or two she has to literally wake up by 0600 on the day of the preceding month prior (ex 1 July for a space on 1 Aug). Its a bit unrealistic to have military families have to plan 30 days out for a 2 hour block of childcare. Additionally she has to do the same thing each day she wants a 2 hour block the during the following month.

This would so increase our quality of life if there were more user friendly part time child care avail. The quaility of the care that is available however, is top notch. Really a nice place run by professionals....Just need more space.

I am not directly connected with a unit & have a hard time finding out about MWR activities. Example: I searched for months for a martial arts class on-post, but no one could figure out where or when. Some MWR affiliates even told me a class doesn't exist (I'm fairly confident that it does), and others told me that they've heard about it but have no idea who I should contact. Also, I would love to participate in just about any group sporting activity, but never find out about them until they are involved in the final tournaments. My only connection w/ community activities, the monthly publication, is often out of date or incomplete. I once showed up for a ski trip that never was and have since stopped trying to get involved.

I know that I am in the minority by not having a distinctive unit, but I would still love to get plugged in. I think if MWR representatives were connected with each other, there would be better information dissemination within the Army Community Services and subsequently down into the community.

I am stationed in Korea and live off post in the Yongsan Area. If I want to go out to a club for a drink, on-post establishments are a poor choice for me. I can't drive my car because I will be drinking. I can't get a local taxi because they are not allowed on post. AAFES taxis are unreliable. I could call one and the dispatcher says it will be 15 minutes until a cab arrives, but it ends up taking over an hour before a cab comes. It is much easier to go to off-post clubs. More fun too.

On-post clubs? The best one is run by Navy MWR. The rest are just so-so as far as menus and service.

The MWR system does not seem as if its mission is to serve the soldier. It seems like their mission is to make money and maintain their own existence. For example, if my unit wants to have a function and rent out a banquet room, the cost is outrageous. I can get an off-post banquet room for no cost, as long as we are buying food and drinks from the establishment.

The only time I use MWR services in general is when there is no alternative off post. The exception is the bowling center, because their facilities here in Yongsan are fairly new and in excellent condition. Also the moonlight bowling they have on weekends is a lot of fun...but they could use better enforcement of the rules to keep unruly people from spoiling other peoples bowling.

**Overall Comment**

The food is entirely unhealthy and without exception overpriced. Contracted banking institutions have higher rates than off-post alternatives. The AAFES taxi service is unreliable, slow, overpriced and discourteous. In general all services charge higher rates that off-post civilian alternatives whereas service members should get discounted services rather than being taken advatage of by military contracted institutions.

I take many tours with the USO and civilian companies to see Korea whenever possible on weekends. Many times I often venture on my own to new areas of interest at more expense than if I were traveling with a group. I would like to see more tours and opportunities for soldiers to get off post and see things here in Korea and Asia which would make time for some most enjoyable at a lower cost to those running multiple households. I have not been aware of any trips of the ability to rent equipment to do some of my favorite activities. I see many soldiers who stay on post and leave after one year and not having done anything to see or learn about the area. Some for lack of English guides, money, or time to do so. I think MWR could help soldiers in that situation and be more beneficial to those who aren't affraid to get out.

On cable TV please get the History Channel, TBS, and offer FOX and other networks that show football.  
I think they should do away with all golf sites on bases in Korea, they are full of drunk Korean nationals signed in by quests who are making a profit by signing them in and MWR workers are letting them get away with it.

Also please take out the Slot Machines as they are being used by Korean Nationals illegally and they are not monitored properly because I have seen children in their playing slot's.

Do away with all on post drinking facilities as they are nothing but an Ultimate Fighting Competition and a place where too much fraternization is going on between the ranks and no one ever gets carded at these facilities.

The buses on post always run ahead or behind schedule by at least 20 minutes and they only run on the main road. We need to get more buses, so they can have different routes, which will make it easier for people to catch the post bus. And more buses can accomodate more people, since E5 and E6 dont have cars any longer.

1. Is MWR for the military and family or Korean national. I work near the MWR golf course at Song Nam and 90% of the people I see is Korean people. I have heard from my guys at work, that it is almost impossible to get tee time at the golf course. In my opinion military personnel and families should get priority getting services at the all MWR centers.
2. Travel Services? It is almost impossible to get any help from personnel work at the travel services. They are not very user friendly. Off post travel services offer better rates and services.
3. Clubs? Why is that so hard to get any music band other than R&B. I know for fact majority of people go off post, because of the music selection.

If the Dragon Hill Lodge is an MWR facility than I wish it offered more services to soldiers. The fact that Korea uses the DHL for lodging of PCS soldiers and families means that rarely ever do they have rooms available for MWR purposes. Several soldiers are forced to go to off post hotels because the DHL does not have rooms available.

Korean nationals should not be allowed into on post Game rooms to gamble. Even though it is a huge source of MWR revenue for the post, it sets a hypocritical precedence that makes soldiers in Yongsan feel like Force Protection and post access is a joke.

The issues here in our area are the organization of events sports or others with the other camps. The youth is limited to the competition and participation of a very limited community. The transportation to events or compitition between camps is always last minute at best very seldom. The sign ups are expensive and unfair. Teams are stacked and uneven when it comes to numbers. Very few events are held at the neighbor hood youth facilities (Hanam Village)and the sporting events are almost non-existant. the reenstatement of the Recreation Specialist MOS may be a way to solve this. The local nationals almost always mompolize the facilities wether they are authorized to be there or not. I understand that we here may be in a unique situation as far as camp locations but we are also beginning a transition phase in movement of personnel and assets. This should be highly considered in the plan.

I would like to see the MWR sponser some kind of off road events of any kind. Or just some kind of auto racing. Also, I think MWR should DEFINATLEY sponser an ON-post country music club. Not everybody is an urban youth person and some of us dont like that hippy hop music. It seems like all the clubs around are hip hop oriented. ex. Bentleys, Underground, Main Post Club. Harvey's is the only non hip hop club but still doesnt play country music. On that note, Harvey's is the best kept secret in Yongsan! But why keep it a secret? There should be ALOT more and BETTER advertising for Harveys! Not that boring commerical on AFN Radio with the lame boring guy named Harvey!

Yongsan is the place to be in Korea, there are places much worse, but I am married and cut off from everyone and everything. Nightlife, shopping and drinking is what Korea mainly offers. I am really bored and aching to get out of Korea and the military. (Korea's dull if you are married). I love baseball, but no one seems to play baseball anymore. Baseball teams would be nice. More travel opportunities would be nice too.

The Dragon Hill Lodge is an outstanding facility. My rating for on post lodging was referring to military lodging at Kunsan Air Base, which is in great need of renovation (no air conditioning, leaking faucets, roaches, cracked/broken windows, etc...).

Yongsan Korea really needs more live rock bands to visit for the soldiers, especially now summer's here. Most of the time it is country bands. The biggest problem I see is Main Post Club (Yongsan) is always nearly empty when the "LRD" band is in there and is not a popular place like it used to be.

The philippino bands that come to NAVY Club need to have drums, guitar and bass and singers. Nobody these days go to Navy Club for entertainment because they never have a good band, if one at all.

Harvey's presently has the best philippino band I have seen in 2 years (drums, guitar, singers, bass and keyboardist. Harvey's is always full every weekend, watching the band. THAT'S WHAT PEOPLE like to GO SEE!

People don't like seeing the same, boring local bands that MWR keeps bringing back on post to play. They get no attendance. MWR Only has a band every couple months, soldiers need more bands to come entertain them ON POST.

This is my first OCONUS unit assignment. As such, I am feeling a little out of place. I had no interest in going out and 'discovering' things to do. Most, if not all of the things I have done is because of friends telling me about them. As I get used to being out of country, I hope to become more explorative. About the only service I would like to see on this post is a definitive BOSS building, a place where people gather for BOSS services, Music Rooms, Gaming Computers, Internet Computers, Pool Hall, all that sort of thing. Camp Humphrey's has a good one and the one on Fort Lewis, Washinton USA is even better. I would like to have seen such a place here on Yongsan, but despite my inquiries, I have reached the conclusion that there is not one here.

I feel that Mwr needs to hire local Dj's of korea (army/civilian) to put of drug free Rave Parties in a gym on post for Soldiers,Dependants and students that like live hip hop,dance,electronic,techno and trance music. There are ALWAYS rock and pop bands at every MWR Show. NEVER Dance! There are alot of people that would show up, and it lets all the cooped up people out to release built up energies. since Hongdae is off limits along with alot of other establishments in Korea.

I believe that MWR serves single/unaccompanied male soldiers and family members, the majority of the population here on Army bases in Korea, very well. There are a variety of activities, functions, and services to choose from. However, as a young, single, professional, non-military female, many services offered by MWR do not interest me for a variety of reasons. However, I do realize that I am in the minority here, and services cannot be directly focused on someone of my demographic. That being said, I do take advantage of the fitness facilities provided, and there are other services I use on a more sporadic basis. I have been generally satisfied with any MWR services I have used.

The US Army has a very large population of Hispanic, MWR does not offered any concerts entertainments. MWR personnel as other Ethnic groups thinks that Mexican represent the Hispanic population in their Music, food, way of living. Hispanic are a Mosaic of Various Culture with the only thing in common is The Spanish language.  
Hispanic will like to see more of thier influence in the clubs. Not just Mexicans. Puerto Rican and other Carribbean Nations have a beautiful Cultural backgroud that they will love to show case to the world if MWR support them.  
MEWR Mangers needs to be part of the EEO Special Emphasis Committee, is through their facility that this programs are expose.  
Request expose MWR managers to Diversity, maybe that way MWR will be able to understand who to target their customers.

The facilities I use at Yongsan at least on a weekly basis are the Dragon Hill Lodge for meals, Commisskey's for dining and Collier Field House. Dragon Hill Lodge is outstanding for dining...I usually eat there at least 4-5 times per week. Commisskey's is okay. Collier Field House is outstanding...I specially like the weight and aerobics rooms...they are well stocked and well maintained. I occasionally use the Yongsan Library...it is okay. The real competition that MWR Dining Facilities have at Yongsan comes from the Navy Club...the food is better and the portions are larger. I believe you should study how the Navy Club operates and try to copy their business processes.

The gyms on Yongsan are in horrible condition and I know will not be renovated due to the Yongsan Relocation Plan. But they should never have gotten this bad. The MWR lap pool doesn't allow the use of a snorkel for lap swimming which is a dumb rule. I wear a snorkel to get a maximum workout swimming; not to dive and mess around in the pool—change the rule. Overall, MWR tries and is successful in providing activity for military and civilians living at this overseas location.

Golf course green fee and membership fee for the DOD contractors are sky rocketted and amazingly expensive with less opportunities to play or no opportunities to reserve a tee time on weekends.  
At least one or another must be offered, either lower the green fee(member fee) or have to be given more opportunities for reserving tee times!!

not enough employees to support volunteer corps

**Overall Comment**

Hello-

Our MWR team here at Yongsan is one of the best. The DMWR director is Mr. Paul Robinson. He is a very kind man who listens to what customers want, while still trying to make money for revenue producing activities. We need more employees in the Volunteer Corps program. There is only one employee with a staff of volunteers trying to do this work. This is not efficient. Volunteer Corps Coordinator position should be at least a GS-11 with two staff. Just not effective for the installation. Because the operation is lacking in staff does not mean that the DMWR folks don't care, because they do, and work many hours of their own time to keep the programs going. That's because care about people, and want to do the right thing.

I know many people that are stationed here, both contractors and government employees, in my age range that have no place to go and dance and enjoy a night out with people our own age. You have nothing like Senior dance night where we can listen and dance to big band music or oldies but goodies and enjoy ourselves without a lot of young folks taking over the music requests. Even if its once a month, it might be worth trying.

On the golf course, suggest ALL active duty servicemembers have higher priority for tee times vs. special, non-SOFA pass holders. Restaurants: if food were better in Army MWR clubs/DHL we would eat on post more for dinner (vs. off post).

Area II MWR does a great job with activities, events, etc. Always well-produced and there is quantity, quality, and variety. Special events done particularly well (eg, 4th of July).

I don't believe the tee times available for civilians is fair. With Sungnam being the only 18 hole golf course on an Army installation, a better method should be available such as starting tee times off the front and back or having a shot gun start. I have waited 3-4 hours on a tee time when I don't get a tee time.

I don't believe that MWR cares about local national civilian sport programs. I tried to get a team together and competing in a soccer league but because we primarily had local nationals, we couldn't enter our team. I was informed MWR would begin a league for the local nationals to participate in soccer however, this never happened.

The tee time policy for weekend lotteries. I would like to see one drawing for a weekend tee time instead of one drawing for Saturday and one for Sunday. I believe that this would allow twice as many people to get at least ONE tee time each weekend instead of going 7-8 weeks without ever getting drawn. I believe the prices in the food and beverage activities at Sunnam are too high.

I would like to see Concept2 model-D rowing club and machine here on yongsan.  
I would also like to see more life-fitness elipticles here on post.  
There are also mahine that will track your workouts with a memory card.

Overall, I am quite pleased with the facilities and activities offered in my area (Seoul). However, due to the late hours I keep at work and my daily commute to and from home, I am often compelled to use the facilities and attend events off-post. Of course, my preferences would be to use the on-post facilities as much as possible. Again, the facilities and the support personnel are very knowledgeable and helpful... makes my off-duty time more pleasurable.

"I'm only here for a year" attitude over the years has stymied the progressive quality of the MWR program as a whole in Korea. There was no vision. We should have been the best equipped and staffed programs in the world.

We need more in country leisure & travel activities.

1. MWR should make a direct deal with the airlines and hotel ...etc to bring the price down.
2. USO already charging higher price than off post travel agencies fot the same trip.
3. Offer employees incentive to make a MWR tour package with lower price with hight quality services.

Golf facility, especially SungNam CC, Korea, room to improve several areas to meet the customer needs.

1. Reservation time and methods should be thru. internet.
2. Group/Unit fuction shold be limited to weekdays(Tue thru. Thur)
3. To increase profits they need to have slot machines.
4. Employees should be customer oriented( Service training req'd)

F & B :

1. Monthly/Seasonal event to promote facilities.
2. Happy hours for bar/restaurants.
3. Employee incentive programs to increse sales(Up-Selling)

I would really like to see a Volksmarching club started here in Korea. There are some great places to hike and this is good exercise.

I am very satisfied with the MWR facilities at Yongsan -- I believe they do a lot to keep DoD families entertained and have a wide variety of programs.

Trent GYM, mens latrine is often without hot water and it has been that ways for the past ten years.  
The main gym over in the officer housing area is cleaner, larger and almost never runs out of hot water.  
The answer is not TO BUILD A NEW GYM, it is to fix what we have because the plan is to move HQ South.

Waste of tax payers money

**Overall Comment**

MWR is over populated with majority of workers who do not care one way or another about the people they serve. It is only a job for them. Very LOW self esteem.  
CATV is over priced. They charge you for a whole month of service even if you only used one day of that month of service(People who are PCSing).

Would like to see regular CAR washing machines on Base. We have very limited places to wash are cars, if we have a man to do it, it costs around 8 or more dollars.

Overall, I'm very satisfied with MWR activities on post. One thing I would like to see is different "packages" for cable TV - something like you have in the civilian market. It wouldn't have to be anything fancy - maybe a basic package for a reasonable price, a middle-priced package (maybe a "movie package" or a "sports package") and a "delux" package with movies/sports/various other channels (discovery/history/food/travel/ect).

Since my children have grown up, I don't use the Youth Services any longer. However, when the children were young and still at home, we used the Youth Services extensively when we were overseas and while Stateside, we used them to some extent. Overseas, MWR is indispensible - Stateside, it's nice to have.

Thank you for asking!

- 1)The Main Post Club at Yongsan is a newly renovated facility but you are either baking or freezing when visiting this facility. There should be a way to effectly control temperature setting in this facility.
- 2) Nearly all clubs on installation cater to the Korean Civilian than they do to the service member or authorized patrons who does not have to be excorted and signed in on post.
- 3) Eating restruants need to cut back on the amount of grease they are serving in their menus.
- 4) Surprise, no notice audits by none government firms should audit the game room to see if pay outs on the game mechines are what they are said to be. Not just one single day but over a month period at different times during the operational hours.

Lacking of Caring

**Overall Comment**

My biggest concern is with the MWR Lodging (i.e. Hale Koa and Dragon Hill).

The Hale Koa (old wing) is run down and in need of renovation. The prices they charge for officers (O4 and above) are overpriced. I have stayed there twice and will never stay at the Hale Koa again. For the same price I can get a better room at the Hawaiian Hilton. Immensely better rooms and I can still use the Hale Koa next door.

The Dragon Hill Lodge is not an MWR facility ... it is the Army's TDY hotel. I have 6+ year in Korea. I have seen soldiers and their families evicted because of high ranking military coming in and demanding that they stay in the DHL. I think their rates for leisure travel are good and generally meet the needs of PCSing and recreational needs. But I think TDYs, like the Hale Koa, should be that last priority.

My next concern is with the gymnasiums. The equipment is adequate, but could be a lot better. My biggest complaint with the Gymnasiums is how easily the exercise areas are closed down. The close them for a couple days every time they want to have a concert or there is a NEO exercise. Evidently physical fitness is not a concern of the command. The priority should be consistently keeping the facility open, not finding easy ways to shut them down.

My last and final concern is Fund Raisers. Here in Korea we have more fund raisers than anyplace I have seen in my 24+ years of military service. Fund raisers are okay ... but within reason. I should not have to run a "gauntlet of panhandlers" just to pump gas at a self-service gas station, or to enter or exit the Exchange. This is just unacceptable.

Thanks for your time.

Should not limit choices on music.  
Hours of operation for soliders on clubs should be change to accomidate more use of on post club. Off post clubs 90% are off limits. Let encourage on post facilities for soliders and family members.  
  
Also, save money on grounds maintenace of sports field and use more artificial turf. Espically in KOREA.....

I believe the MWR Arts and Crafts provides a chance for people to express creativity with their hands and learn some things that are being lost in the computerization of society.

Although I have a MS in Computer Science, I think it is very good for a person to learn to work with their hands to make something worthwhile.

MWR Clubs are continually be driven into the ground. The food quality is at best mediocre with most dishes available. Manpower and funding issues drive the clubs to buying and serving low quality products. Management focuses on the dollar totally ignoring food quality. As long as it looks pretty, it is good in their eyes.

Our favorite activity as a family is to go to the movie theater and the pool. Please continue these services.  
I am concerned over the new bus schedule. Due to cut backs the base bus services have been brought down to every 30 minute and now ends at 7pm. Now the bus will just leave kids at the stop and drive by without picking them up because the buses are so full. This schedule also leaves kids abandoned in the evening when many of the youth groups meet until 9:00 pm 3 or more times a week.

I would like to see an improvement in the Library. I would like to see new releases come in faster. I would also like a better CD collections on books and movies. Most of the books are on cassette instead of CD and the movie collection is very old. Also, when a book is requested it takes a long time to get the book into the library. It would be great if that time could be shortened.

I would also like to see a better collection of ceramic molds in the arts and crafts section.

I would like to see more day trips that the whole family can go on.

More classes added for ballet/dance after school programs.

I would like to see more aerobic classes added for the afterschool hour for teachers that are off at 3pm and the children are still in day care.
